

S12 ALVIN® Penstix Technical Markers

A unique high performance marker that produces crisp, sharp lines for freehand drawing or for use with a straightedge. The dense India ink-quality black ink will not bleed through most papers and is perfect for technical drawing, sketching, fine art, lettering, and illustration. Favored by cartoonists worldwide. The durable plastic fiber nib will not clog. Features convenient pocket clip and ribbed cap that fits snugly on the barrel. Individually bar-coded.

No. P11044**SRP \$6.95 pk**

Zentangle is a relaxing process that revolves around the repetition of simple shapes. It is about filling spaces using pattern and texture. Every tangle begins with a simple line, and becomes more attractive and complex as areas are filled. The process is appealing to graphics artists as well as those just learning to draw. It is very personal and requires no artistic training. These versatile graphics can be used to decorate any surface. Liner pens such as Pentstix, Zig, or Micron pens make drawing the tangles simple and permanent. The perfect exercise to keep your brain healthy and relaxed!

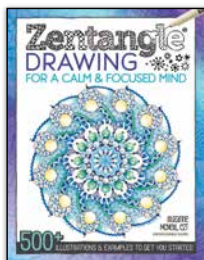

**\$10****ZENTANGLE® Basics Book**

Author by Suzanne McNeill.

This book introduces you to the basics of decorative doodling. Using only pen and paper, learn to make 24 basic Zentangles, as well as inspiration for incorporating these designs in your art.

PIGMA® Micron® Pens

This permanent, fade resistant, chemically stable, pigment-based ink will not bleed or run if liquids are spilled on or applied to the document after the ink has dried. Perfect for legal situations, the ink is nearly impossible to alter on documents, in log books, or on checks. It's no wonder architects, archivists, anthropologists, entomologists and laboratories depend on it for record keeping.

PIGMA® Micron® .15mm Pens

Fine-point writing and illustration pen that utilizes the highest quality archival formula Pigma ink. Ideal for both technical and artistic applications, including archival recording, illustration, graphic art, scrapbooking, freehand manga drawings, decorative fabric design, and more! Pens use water-based pigment ink and are non-smearing when dry, waterproof and chemical proof, fade resistant, and don't bleed through most papers.

COPIC® S10 Sketch Marker

Barrel Profile

The most popular marker in the Copic line. Perfect for scrapbooking, professional illustration, fashion design, manga, and craft projects. Photocopy safe and guaranteed color consistency. The super brush nib acts like a paintbrush both in feel and color application. For more control, use the medium broad nib on the opposite end, or customize the marker with an optional nib. Compatible with the Copic airbrush system. Markers are refillable and available in all colors listed. When ordering individual markers, please list desired color number -S for Sketch series (ex. B29-S).

S10 COPIC® Marker

Barrel Profile

The original line of high quality illustrating tools used for decades by professionals around the world. Preferred for architectural design, product rendering, and other forms of industrial design, they are also popular for use with models, ceramics, and similar projects. Ideal for all calligraphy, airbrushing, and graphic arts needs. The broad nib offers smooth, consistent coverage for larger areas, while the fine nib allows for easy detail work. Photocopy safe and guaranteed color consistency. Compatible with the Copic airbrush system. Markers are refillable and have a variety of nib options. Color choice is expandable to include the entire selection by purchasing various ink refills and empty markers. When ordering individual markers, please list desired available color number -C for Copic series (ex. B29-C).

Various Ink Refills

Extend the life of the marker. Each bottle contains 25cc's of ink and will completely refill markers as follows: Ciao – 13 times, Sketch – 8-10 times, or Copic – 7-9 times. Refills have permanent, consistent color, and clean up with rubbing alcohol. Measures are marked on bottles which have an angled tip for easy application. Empty bottles and Copic, Sketch, and Wide markers are available for mixing and personalizing colors to create custom markers. Bottle is also recyclable. When ordering, please list desired color number -V for various ink (ex. B29-V).

SHINHAN ART TOUCH Twin Markers

An advanced alcohol-based ink formula that ensures rich color saturation and coverage with silky ink flow. The alcohol-based ink doesn't dissolve printed ink toner, allowing for odorless, vividly colored artwork on printed materials. The delivery of ink flow can be perfectly controlled to allow precision drawing. The ergonomically designed rectangular body resists rolling on work surfaces and provides a perfect grip that avoids smudges and smears. A specially designed safety cap stacks neatly and prevents damage to the nibs. Each marker can work with one of four replaceable nib options to achieve a wide range of strokes, from fine lines to wide color fills. Extend the life of the marker with refill inks; or mix custom colors!

SHINHAN ART TOUCH Refill Inks

Universal for all markers, the alcohol-based ink is odorless, non-toxic, and permanent on most surfaces. Color consistency is guaranteed with each bottle. The dropper style tip makes it easy to refill markers and also works well for drip effects. Measurements are marked on the bottle showing exactly how much ink to use. One bottle will refill an empty TOUCH marker 6-8 times. 20ml.

SHINHAN ART TOUCH Twin Marker Sets

An advanced alcohol-based ink formula that ensures rich color saturation and coverage with silky ink flow.

The alcohol-based ink doesn't dissolve printed ink toner, allowing for odorless, vividly colored artwork on printed materials. The delivery of ink flow can be perfectly controlled to allow precision drawing. The ergonomically designed rectangular body resists rolling on work surfaces and provides a perfect grip that avoids smudges and smears. A specially designed safety cap stacks neatly and prevents damage to the nibs. Each marker can work with one of four replaceable nib options to achieve a wide range of strokes, from fine lines to wide color fills. Extend the life of the marker with refill inks; or mix custom colors!

Tri-Nib 3-in-1 Lines:

S12
**CHARTPAK®
Furniture Touch-Up Marker Set**

Cover scratches, dings, and chips on wood or wood laminate permanently with these markers. Create fine, medium, or broad strokes with the unique tri-nib. Clear acetate sheet included for mixing marker colors for a true match. Contains eight wood tones (dark oak, harbor oak, landmark oak, black, natural cherry, brilliant cherry, royale walnut, and richleigh walnut), one blender to mix and remove colors while still damp, and a palette sheet. Comes in a reuseable vinyl pouch.

No. 0F9
SRP \$49.15 st

AD™ Marker Display Assortment**

Size: 22" w x 69" h x 22" d
Contents: 1,344 markers total,
131 different colors

No. ADSRD ★
SRP \$7,524.05

Items with ★ are shipped from manufacturer.

**PIGMA®
Brush Pens**

Archival performance with a brush-style nib. Capable of drawing very fine lines or broad strokes depending on the pressure applied. Waterproof, chemical-proof, and fade-resistant, the ink lays down with a consistent flow and will not smear or feather when dry. Use for manga, graphic art, illustration, calligraphy/lettering, rubber stamps, fabric projects, and more. AP non-toxic.

\$10 PRISMACOLOR® Premier Art Markers

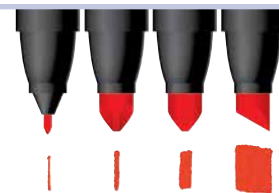

Special formulations provide smooth, silky ink flow for achieving even blends and bleeds with the right amount of puddling and coverage. All markers are individually UPC coded on the label. Original four-in-one design creates four line widths from one double-ended marker. The marker creates a variety of line widths by increasing or decreasing pressure and twisting the barrel. Juicy laydown imitates paint brush strokes with the extra broad nib. Gentle and refined strokes can be achieved with the fine and thin nibs.

KOI™ Coloring Brush Pens

A convenient, no-mess way to add vibrant color to any sketch, journal, cartoon, illustration, or rubber stamp project. These pens perform similar to an artist brush. Make fine, medium, or bold brush strokes just by changing the amount of pressure to the nib. The durable tip will quickly spring back to its original shape. The odorless, water-based solvent facilitates smooth blending and layering of colors. Use the colorless blender pen on these transparent ink colors to create seamless washes, color gradations, and a multitude of hues and effects.
