

**NEW**

HERITAGE ARTS™ Canvas Panels

\$15

Assortment of 7 oz., 100% acid-free stretch canvas mounted to MDF board. Panels are individually shrink wrapped. Available in 3-packs and 12-packs. The sides and the back are completely turned under and glued to prevent any fraying or separation. The surface provides a small tooth finish so paint is easily absorbed.

FREDRIX® Artist Series Canvas Panels

Canvas panels are great for students. The surface texture provides a very definite paint-gripping tooth with minimum paint absorption. A perfect support for painting in all media. The sides are completely turned under and glued to prevent fraying and separation. The entire area of canvas is firmly glued to the board. The sizing is acid-free.

FREDRIX® PRO Dixie Stretch It Yourself Canvas Kits

Same professional quality, heavyweight canvas you'd expect from Pro Dixie, but in a stretch it yourself kit! Super easy kit contains almost everything needed: pre-cut canvas, tongue and groove stretcher bars, screws, cross braces, corner braces for square corners, and the patented clever lever to help you stretch and tighten the canvas. Simple hand tools are needed, and are sold separately. No canvas pliers needed! The canvas comes pre-attached to one stretcher bar for ease of assembly. The small footprint of this box allows for more room in a retail setting, easier transport for the consumer, and less risk of damage during shipping! Every box includes a flash drive with complete assembly instructions.

Ultrasmooth Stretched Canvas**

Made of superior quality, medium weight blended PolyFlax/cotton duck with fine texture for use with oils or acrylic paints. Ideal for portraits and other fine detail work. It is triple primed with acid-free acrylic gesso. The canvas is stapled onto the back of standard stretcher bars (11/16" x 1 1/8"). Paint on all four edges and hang it with or without a frame. Unprimed weight: 5.5 oz.; primed weight: 9.5 oz.

Archival Canvas Panels**

Professional grade canvas boards are constructed throughout with the highest quality, non-acidic archival materials. The tempered hardboard core will not warp, become brittle, or rot over time. Mounted with proprietary acid-free adhesive, the painting surfaces use the finest Fredrix primed canvases. All carry the Fredrix archival seal of quality. Boards are .165" thick.

**S14****FREDRIX®****Cross-Braces and Brackets**

Braces allow for the addition of extra reinforcement to larger art canvas frames. Length cut to fit inside dimension of stretchers strips. Fredrix cross braces are attached to the back groove of the stretcher bar. Brackets allow you to secure cross-braces without cutting into the strips. Patented cross-brace brackets may be removed while painting and replaced without distorting the frame.

**S14****FREDRIX®****Desktop Inkjet Canvas**

Made especially for desktop inkjet printers, although some desktop printers will deliver better quality than others. Recommended for use on HP, Epson, Lexmark, and Canon. The canvas is a fine woven blend of polyflax and cotton, and is specially coated with an acid-free acrylic titanium gesso to provide long term archival quality. A clear topcoat is applied for greater ink adhesion and to deliver better, more color intense reproduction. 10-pack, 8 1/2" x 11".

WINSOR & NEWTON™ Artists' Cotton Canvas Boards

Superior quality canvas boards feature canvas laminated onto high quality boards of excellent stability. Stretched by hand for correct tension and tailored corners, and are triple coated with one coat of acid-free sizing and two coats of highly pigmented primer. Prepared for immediate use with oil, water mixable oil, alkyd, and acrylic paints. Medium grain surface ideal for all techniques including heavier applications of color. The balanced absorbency and tooth of the canvas board prevents sinking of oil colors and improves adhesion.
