SAFCO® Steel Flat Files

Classic modular files featuring electrically-welded heavy-gauge steel construction, double-thick wrap-around corners, integral cap, and sturdy inner frames. Five-drawer files store up to 500 sheets per unit active filing, 750

sheets semi-active, and 1000 sheets inactive. Ten-drawer files allow for easy retrieval of materials with ten separate 1" deep drawers. All files stack securely up to five units high with anti-slip pads between units to eliminate shifting. Additional features include museum/archival-quality paint finish, steel side roller assembly with case-hardened ball-bearing rollers for smooth drawer operation, rear bumper pads, drawer safety stops, heavy-duty drawer rails for precision alignment, rear drawer hoods, and hinged front depressors. Please note that these are not stock items.

Note: Bases are sold separate from files.
